Visual Arts

"Beauty is the purpose and driving force of art."--- Goncharov

In order to help students understand the beauty of life through art and design, the Visual Arts Department has been actively collaborating with different teams or departments, such as Discipline, Guidance and Counselling, Computer Literacy, Science, Chinese Language, Chinese History, etc., to organize cross-curricular art-related teaching activities, combining knowledge in life and aesthetics through the dynamic and diversified mediums of art and design. We hope to deepen students' understanding on the relationship between aesthetics and art and design in daily routine for enhancing their creativity in the mediums of art and design. Meanwhile, arranging students' participation in internal and external competitions and art exhibitions has helped broadening their horizons as well as enhancing their creativity and interest in art and design. To cultivate positive character and virtues in students, art therapy and character education relating to art and design are also included in the curriculum. Artists and designers from the art and design industry are invited to share their experience with students, so as to prepare them for further studies and career development. In recent years, students have actively participated in a number of territory-wide visual arts competitions, achieving encouraging results.

視覺藝術科

「美是藝術的目的和推動力。」——岡察洛夫

為了透過藝術設計令學生認識生活上的美，視覺藝術科積極與不同學科，例如訓導、輔導、電腦、科學、中文、中史等舉辦跨學科藝術教學活動，以豐富多元藝術設計媒介教學切入，結合生活知識與美學。希望能夠將課題深化生活上知識，令學生明白藝術設計在生活層面與美學的關係，增強同學藝術設計媒介的創作能力，並且舉行校內校外的比賽與外出參觀藝術展的機會，擴闊同學的藝術設計視野，提升創意及創作興趣。課程也安排藝術治療及品德教育相關的藝術設計活動，以培養正面品德及修養。也邀請於藝術設計界藝術家及設計師回校分享心得，為將來升學就業作預備。近年學生積極參加多個全港視藝比賽獲得佳績，令人鼓舞。
